

JENPHIA

MODELS

FREE WORK / TFP

Every day we receive emails from students, photographers and stylists requesting models who are willing to attend a photoshoot based on tfp. In other words; no budget but for every ones portfolio.

If you have a request like this please send us the name and portfolio /website of the:

- Photographer
- Stylist
- Make-up artist

Plus the concept you want to create in clear pictures.

Based on this we decide if we can provide you one of our models. We will always charge travel-expense for the models.

The way we described above is the only way to request models for your tfp (time for print) predictions. When the shoot is finished we always want to receive the results by email. (send it to the agency, not to the model). It is not allowed to use the images for any commercial goals unless there is an agreement between the agency and the person that booked the model(s) with us.

Thank you!

Best regards,

Team Jenphia Models.
